Forecast For Northwest England
Issued by Met Office Exeter
at 1600 on Tuesday 23 Mar 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Rain this evening largely clearing by the morning.

This Evening and Tonight:
Remaining cloudy with a band of rain arriving from the west later this evening. It will turn dry with clear spells as the rain band clears southeastwards through the night. Windy in the north this evening but easing overnight. Minimum temperature 5 deg C (41 deg F).

Wednesday:
Early rain in the south will quickly clear leaving conditions mostly dry with sunny spells before becoming cloudier later. Isolated showers throughout the day will become more widespread by evening. Maximum temperature 11 deg C (52 deg F).

Outlook for Thursday to Saturday:
Showers with possible hail and thunder on Thursday. Turning breezy and cold on Friday with showers becoming heavier and wintry. Further showers on Saturday.
